To whom it may concern:

I highly recommend Patrick McElhiney if you have the opportunity to do business with him.

Patrick is a well-rounded person who models sincere professionalism at school. He spends additional time outside of class working on business projects through our Portsmouth campus, in addition to researching and planning for his future career as a Marketing Manager. I reviewed a portfolio he prepared for future interviews, including work examples developed through his own marketing company. I'm impressed by how much time and energy he invests into marketing, and his work shows the level of detail he puts into it.

This young man has excellent written, verbal and graphical communication skills. He is able to think on his feet both analytically and creatively. Patrick is conscience of others while exhibiting intellect leading others in a positive direction.

Sincerely,

Sally Pelletier
